Streaming Portable Radio

Whether you choose to scan the world through Internet Radio, stay local with DAB+ or FM, make it personal with Bluetooth or simply choose from the vast library from Spotify (via the App), the SA60 delivers.

The sleek design, with smooth curved edges and large colour display looks timeless and will be a welcome addition to any room in the house. All functions and settings can be accessed via the sleek control surface and accompanying buttons on top of the SA60. An additional battery pack allows you to take the SA60 with you, giving up to 10 hours of battery life.

It does not stop there. Incorporating UNDOCK, the SA60 is set up to stream the content of your choice via Wi-Fi and control is provided by the App, available for either Android or iOS devices. You can have as many UNDOCK enabled devices as you wish and all can be controlled separately via the App to allow you to play whatever you want in any room. This is affordable multiroom audio, bought to you by Steljes Audio and Frontier Silicon.

Available in three finishes, Black Oak, Matte White and Walnut.

Beautifully engineered & designed in Great Britain
